E. TERMS AND CONDITIONS

1. Introduction.

1.01 This is a process of selling diamonds based on an online tender/auction platform in which a variety of diamonds and lots of diamonds will be presented for sale by the tender/auction organizer i.e. SHK Diamond on an appointment basis. In which diamonds will be procured from various suppliers on the basis of Jangad or Approval memo and the diamonds or diamond lot will be arranged in the online tender/auction platform, then companies involved in the diamond industry in India and abroad will be invited to buy diamonds if the company wants to participate in the online tender/auction. He will be able to inspect the diamonds or diamond lots placed in the tender/auction by appointment after pre-registration at SHK Diamond premises (along with a list of details of availability of physical stock for Polish diamond auction). In the starting of online auction, the bidding company (Bidder) will see the starting price of each lot before bidding. Those who bid more than or similar value of start price enter in the first round of the auction with respect to lot. and then the customer will be able to bid for the diamond or diamond lot through the online tender/auction platform which will be the maximum bid of the customer. It will be declared the winner by the company's appointed observers through an automated process based on the online tender/auction platform (buyer person or company name will not be disclosed) and the winning company will pay the supplier's diamonds or diamond lots submitted through the online platform.

1.02 All transactions conducted by SHK Diamond are conducted with complete transparency in which the

supplier can inspect in detail at any level on online tender/auction platform.

1.03 The company owner and all its representatives who wish to sell diamonds through the online tender/auction platform introduced by SHK Diamond acknowledges that they are bound by these terms and conditions.

1.04 In the online tender/auction process conducted by SHK Diamond, only natural diamonds are sold at present, so it is important for the supplier to keep in mind that you can sell diamonds or parcels of diamonds through online tender/auctions to ensure that the diamonds or diamond parcels do not contain any type of man-made diamond or diamond substitutes such as CVD, mozonite, synthetic, laboratory-produced, etc., and no other type of material other than natural diamonds, or only natural diamonds or diamond parcels. The supplier is bound for this. In Diamond Industry , along with natural diamonds, the synthetic diamond industry is also on a very large scale. They are polished after going through many different processes, in between there is possibilities of mixing the synthetic diamond with original natural diamonds. In such a situation, the supplier is bound to take back the diamonds which found in any material ; artificial or other than natural diamond, and in case of excessive adulteration, then that business sold in the tender / auction may be cancelled at any time and without any problem or an objection.

1.05 If a supplier is found to be violating Section 1.04, SHK Diamond may stop on it at any time during the sale and agrees to return the parcel to the supplier at any time. The company or supplier violating Section 1.04 is liable to a penalty, or is also entitled to withhold the return delivery of a diamond or diamond parcels until a settlement is reached.

1.06 The supplier acknowledges that he is fully aware about how many days his diamond parcel will remain in the SHK Diamond Tender/auction House from Jangad or Approval memo. It will be extended for certain period due to certain reason during that arguments arise from suppliers will be considered invalid.

1.07 The time allotted in the tender/auction process and the time allotted in the appointment shall be in accordance with the Indian Standard Time.

1.08 All Terms and Conditions are available on the online tender/auction platform and every customer confirms that he has read them and is bound by them in the registration as a customer and even after registration Terms and Conditions may be amended. Customer agrees and validates the amendment. Updates made from time to time will be presented on the online platform by SHK Diamond and the customer will know by himself.

1.09 Supplier / Customer agrees that when their representative or himself during the registration process on the online tender/auction platform, select **"I Accept"** button when the customer accepts all kinds of effective terms. The customer further agrees that the electronic signature is the legal equivalent of a manual signature which has the full power and effect of a handwritten signature on paper documents and any certificate or does not require approval from anyone.

1.10 Every process mentioned above, whether physical or through an online platform, will be carried out under all kinds of security, however the seller or SHK Diamond will not be bound in the event of any technical, natural or man-made obstruction.

2. Customer registration for supplier.

2.01 Any company wishing to participate in the tender/auction organized by SHK Diamond has to fill up the registration form provided by SHK Diamond to become a customer of SHK Diamond, in which two options will be seen number1 Buyer and number2 Supplier, and you can choose to register or both options, which require all such documents, including proof of customer identity, such as its director, Representatives and customer's constitutional

documents and copies of business license GST number and company bank account details etc.

(See customer registration form for full details of documents.)

2.02 All the information and documents provided by customer / supplier only after thorough verification whether to register or not. Seller or SHK Diamond is reserved Rights and customers who are already registered must keep up to date such information and documentation at all times. In which the SHK Diamond can ask for proof of identity of the owner and representatives of company at any time.

2.03 To be recognized as a customer, each applicant must meet all requirements of SHK Diamond's safety, compliance and other appropriate diligence requirements. The registered customer is then referred to as our 'Customer / Supplier'.

2.04 The Customer / Supplier assure that it has the legal capacity to discharge its obligations under these Terms and Conditions.

2.05 The seller or SHK Diamond, in its sole discretion, may cancel the registration of the customer or supplier, and refuse to allow any of its diamonds or diamond parcels to enter the tender/auction platform without any notice and with immediate effect.

2.06 SHK Diamond may list the registered customer in its website or advertisement after obtaining the company name and logo with the consent of the company, "Valuable Customer" or many other such headings.

3. Sale of Goods (Diamonds).

3.01 Diamonds or parcels of diamonds given by the supplier to SHK Diamond on the basis of Jangad / Approval memo which are offered for sale through tender/auction platform will be considered for sale only when full successful payment by the winning customer is made to SHK Diamond or payment will be made by the bank in favour of SHK Diamond.

3.02 Winning customer failure to payment of the winning bid diamond or diamond parcels with any reason, SHK Diamond never be bound to buy a diamond or a diamond parcel taken on the basis of Jangad or Approval memo provided by the supplier.

3.03 In the circumstances of the above section, within two working days of the completion of the online tender/auction process, the diamond or diamond parcel given by Jangad / Approval memo to the seller or SHK

Diamond will be delivered to the supplier. (This time may be delayed in unavoidable circumstances)

3.04 Decision taken by sole discretionary of SHK Diamond and it is final decision for supplier in all manners.

3.05 Brokerage or commission fixed by SHK Diamond with the supplier if the sale of diamonds or parcels of diamonds given to SHK Diamond on the basis of Jangad or Approval memo by the supplier is done through the processing of online platform. Accordingly, the price will be paid to the supplier only after deducting the commission from the price received by the diamond or parcel of diamonds through online tender/auction.

3.06 on the basis of Jangad or Approval memo by the supplier Diamonds or parcels of diamonds given to SHK Diamond which are not sold or withdrawn through the processing of online platform, then in some cases SHK may charge the diamond supplier on a diamond or diamond parcel delivered from Jangad or Approval memo.

3.07 Payment within fifteen (15) working days through bank by SHK Diamond will be done for diamonds or diamond parcels delivered to SHK Diamond from Jangad or Approval memo by supplier if sold on online tender/auction platform. (In many unavoidable circumstances this period may be delayed.)

3.08 The price of a diamond or a diamond parcel delivered to a seller or SHK Diamond by Jangad or approval memo for sale on the supplier online tender/auction platform in US Dollar or Indian Rupee can be kept in two types of financial options, in which the US Dollar at the time of making the invoice which will be priced at the Indian Rupee will be converted which will be an invoice given to the supplier of the diamond or diamond parcel sold at the end of the tender/auction process considering the dollar price at that time

3.09 Parcels of diamonds / diamonds given for sale to SHK Diamond on the basis of Jangad or Approval Memo by the supplier are sold in dollars (\$) if sold in India with respect to lot then Buyer and supplier have to consider dollar conversion rate of result day of tender/auction and both bound to agree. (dollar closing rate of india) . When a sale is made in a country other than India, the supplier will be bound to accept the payment from the purchasing company at SHK Diamond at the same value as will be paid by buyer.

3.10 It is at the discretion of the seller to declare the bid prices as the winner.

4. Online Tender/auction Platform.

4.01 The online tender/auction platform is designed with special privacy and security in mind and software intuitive and user friendly design.

4.02 Training of online tender/auction platform has also been provided to the customer or customer's representative for inspection during the inspection and telephonic help has also been provided by SHK Diamond to resolve the technical difficulties encountered while bidding for the tender/auction. (This is one of facility but the seller or SHK Diamond will not be binding in any way for further difficulties due to technical defects)

4.03 The process of online tender/auction platform is a completely software based automated process without human intervention. In which bids submitted by customers are decided without complete human intervention.

4.04 At the time of registration, each customer is given a unique username and password to access the online tender/auction platform. The customer will be responsible for maintaining the security and confidentiality of his login details and in case, any loss or theft of login details, customer should immediately report to the seller / SHK Diamond. In that seller or SHK Diamond will not be responsible for misuse of Username and Password at any time.

4.05 The online tender/auction platform contains confidential information, which is the sole property of the seller and / or SHK Diamond. The customer will not use the online tender/auction platform to suit the purpose of reverse-engineering / theft and / or logic, general aesthetics or any part of its content. If a third party becomes aware of any unauthorized use of the content of the online tender/auction platform, the customer will report to the seller / SHK Diamond.

4.06 In the starting of online auction, the bidding company (Bidder) will see the starting price of each lot before bidding. They have to enter bid value more than or same starting price to enter the first round of the auction. The starting price is only for entry into the first round of the auction. Start price is not the reserve price or the base price

4.07 A some number of pre-defined rounds will be created by the organizer of the online auction. which will be automatically created by the software as per the demand of the lot or activity of participants of competitive bids . Auction will be considered completed after the final decision has been taken by the software regarding each lot of the auction.

4.08 In the case of Polished diamonds/diamond parcels (deal), which is a certified stock, the buyer/company will be able to enter the auction bid in two ways: 1) discount or back and 2) price in dollar (\$) . If one field is entered , it Will be counted automatically in other field
